## TO LA FAYETTE

IT IS HOPED TO RAISE A HAND-SOME MONUMENT.

The Unveiling of Which Will Occur On United States Day at the World's Fair at Paris, in 1900—Plans Laid for the Funds to be Raised by the United Efforts of the School Children of Our Country.

In the city of Paris there is a convent and garden known through the immortal Hugo's "Les Misérables." It is the convent of the Petit Picpus. In the grounds of this convent is a small cemetery where nearly 1,500 victims of the guillotine were buried indiscriminately. Here also repose the bones of La Fayette beside those of his wife, who wished to be buried there. The resting-place of La Fayette, generally unknown and forgotten, is marked only by a plain granite slab. Upon a register kept by the concierge of the convent there are inscribed the names of but a small number of casual visitors.

In view of these facts the "La Fayette Memorial Commission" has been formed for the purpose of erecting a monument to the memory of La Fayette as a twentieth century tribute from the people of this nation, to be unveiled with fitting ceremony July 4, 1900, and thus grandly celebrate United States Day at the Paris Exposition. It is proposed that the cost of the undertaking, which is estimated to approximate a quarter of a million dollars, shall be defrayed by small contributions secured through the agency of the school children of our land.

The dedication of this monument, secured and built through the efforts of the young people of America, will make conspicuously resplendent our United States Day at the Paris Exposition of 1900. No other country will find such a basis for the celebration of its national day in Paris; but all the nations of the earth will unite with the republic in the dedication of this beautiful memorial, a tribute which shall forever mark the grave of La Fayette, whose memory is consecrated in the hearts of men.

It requires no argument to convince the liberty-loving people of America of the far-reaching value of this most fitting, opportune and significant movement. It will promote patriotism and implant in the minds of our young generation, from the Atlantic to the Pacific, a broader knowledge of their country's history. It is asked that October 19, 1898, be observed as "La Fayette Day" in every school district throughout our land, when our children will be told the struggle for liberty, and they may then contribute their help and pennies to their nation's defender.

The following is a brief recital of the recognition shown La Fayette by our nation in the past:

"By Congress, upon the occasion of his departure from America in 1784, it extended to him a national farewell.

"By the States of Virginia and Maryland, in the same year, passing acts making him and his heirs forever citizens of their respective commonwealths.

"By Washington, when constrained as chief of a nation to be silent and passive toward a friendly power, he broke all precedents, and personally addressed the Emperor of Germany in behalf of the release of La Fayette from the dungeons of Olmutz.

"By Congress, when it voted him a sword and passed resolution commending him in the highest possible terms to the King of France.

"By the reception given La Fayette upon the occasion of his visit to America in 1824, on which occasion Congress gave him an official reception in the hall of the House of Representatives; and when, as the historian states, the people contended with the horses for the honor of drawing his carriage, and when, finally, Congress presented him with an appropriation of \$200,000, a township of land, built and named in his honor a man-of-war, the Brandywine, and tendered the same to him for his conveyance home.

"And also by the action of France, which, having through the influence of La Fayette, loaned us 27,000,000 livres, said in regard to its payment, 'Of the 27,000,000 we have loaned you we forgive you 9,000,000 as a gift of friendship, and when with the years there comes prosperity you can pay the rest without interest.'

Plans Suggested for Co-Operation of Schools in Raising of Funds.

The Commission has decided upon October 19th, the anniversary of the surrender of Cornwallis at Yorktown, as the day which the schools of the United States are asked to recognize as "La Fayette Day." (Official public announcement of the day will be made later on.) On this date, it is hoped, by concerted effort ample funds will be secured to build the monument on a scale commensurate with the occasion.

In the Universities and Colleges of the land, the heads of the institutions are asked to appoint committees from their students to arrange and carry out public exercises suited to the idea; embracing perhaps historic drama, patriotic orations, etc., etc.—charging an admission

fee or collecting voluntary contributions as local conditions may suggest, and turning the proceeds over to the President of the college, who shall forward it to the Treasurer of the Memorial Commission.

In the higher grades of the public and parochial schools the same general plan so far as possible should prevail as in the universities and colleges.

In the primary grades and district schools, the children may be asked to solicit from their parents or acquaintances small contributions of from one cent to ten cents, to be given their teachers and thence forwarded to the Treasurer of the Commission.

The foregoing suggestions are tentative only and should be changed to meet local conditions and sentiment.

Secretary of La Fayette Memorial Com'n.

Note:—Superintendents, principals and teachers who may have charge of funds in their districts are requested to forward the same October 20th, to Hon. Chas. G. Dawes, Treasurer, Washington, D. C.
